The Prospect street line would have to cross only one track. After some further discussion Chairman Megrew, of the board, asked: "Well, Mr. McGowan, what do you say as to these cross-town lines and the Lexington avenue

extension? "I don't feel safe in saying anything." said he, laughing. "How do I know where this thing is going to end? There may be no limit. Mr. Crall, Mr. Billingsley, Mr. Shea and all these other councilmen may want cross-town lines and extensions. do want to say though that these lines will not be profitable. I have investigated all these questions and I cannot find that they will be. I am here to settle this interurban question and it seems to me that this would be a subject for future consideration. The interurban settlement is based on the elimination of the car tax. Are we not giving the city in return all that it can reasonably expect in the plan submitted without complicating it with these crosstown lines and extensions?"

AFTER A PLENTY. "You see," said the mayor, "while we are getting we want to get a plenty. The city will ask all that it thinks it should have and will give no more than it believes

it should. It was agreed to meet at 9:30 o'clock this morning and go over the routes proposed. Mr. McGowan said that he wanted to investigate the Prospect-street route because of Mr. Moriarity's suggestion that it would be a help to workingmen

Mr. Shea insisted on the Lexington avenue line as an absolute necessity. President Haldeman, of the Council, inquired if the granting of this franchise meant the repeal of the car tax. Mr. Mc-Culloch took exceptions to the use of the word "repeal," saying that the Union Traction Company was the only one which had contracted with the city, and that its tax was the only one that could be repealed. "And we are not asking you to do this unless you want to," said he. President Adams, of the Shelbyville com-

pany, made a statement showing the reasons why the interurbans wanted the car tax abandoned. He said that now every city fare would go to the local company for power, trackage and terminal facilities. The burden of his argument was that the roads would be of vast benefit to the city. "I would like to ask," said President Haldeman, "if the roads have been built solely to benefit the city or on business principles?"

"On business principles," said Mr. Adams During the afternoon Mr. McGowan exhibited a picture of one of his proposed freight stations. The two stations are to be east and west, so as to make the passage of freight cars through the business streets unnecessary.

FREIGHT-RATE QUESTION.

Shippers' Committee and Mr. McCulloch Reach an Agreement.

G. F. McCulloch, president of the Union Traction Company, met with G. D. Griffin and W. J. Mooney, of the shippers' committee, last night to discuss freight rates. The attorney for the shippers, Frank L. lattleton, was also present. Several hours were passed in discussing the freight rate question and there was an agreement as to the rates that the Union Traction Company should charge. As the interurban companies, other than the Union Traction Company, are interested alike in the freight rates, those adopted by the shippers and Mr. McCulloch were held for their examination. It is likely that they will meet with approval and that they will become a part of the franchise to be offered for lished this story, based the rumor upon signature to all of the interurban companies, except the Union company.

Cars Running to Mooresville.

The Martinsville electric line will be in eperation as far as Mooresville next Friday. On that day their regular hourly schedule will be put in operation. During the remaining days the cars will be run over the line to get them in shape for service and also to detect whatever defects there may be in the track. The completion of the line to Martinsville is expected within the next month.

WILL BRUSH SELL CLUB?

A CINCINNATI RUMOR OF PROPOSED CHANGE OF OWNERSHIP.

Not Believed Here that He Will Sell His Interest-Receiver Asked for the Baltimore Club.

Another story emanated from Cincinnati late yesterday afternoon to the effect that the control of the Cincinnati club will. within forty-eight hours, pass into the hands of Cincinnatians, among whom are August Hermann and Mayor Fleischman. The Cincinnati Times-Star, which pubthe fact that John T. Brush was in Cincinnati and held a long conference with his treasurer, Ashley Lloyd.

Stories affecting the proposed change of ownership of the Cincinnati club have been current for many months and little credence is placed in the last rumor given above. Mr. Brush went to Cincinnati, it is believed here, for the purpose of discussing additional plans to strengthen his ball team, instead of making arrangements to sell out as the Cincinnati paper states. Mr. Brush has made strong efforts within the past few weeks to strengthen his team for the remainder of this season, and also to secure good players for the season of 1963. He is very desirous of placing team in the field next year that will at all times be near the front of the champion ship procession. It is argued that if he desired to sell the Cincinnati club, he would not have gone to such great expense in the last two weeks securing first-class talent. If the latest story should be true, however, it is said that Mr. Brush would not retire from the national game, but would have control of a National League club next year if his plan for a twelve-club circuit should be adopted. The chances of him selling his interests in the Cincinnati club are so remote that it is a waste of

time to speculate on such a thing. BALTIMORE CLUB TROUBLES.

Application for a Receiver and Ouster

of Ban Johnson. BALTIMORE, July 28 .- The troubles of the Baltimore American League Basebali Club are now to be aired in the courts. To-day the Baltimore Baseball and Athletic Company, by its attorney, filed a bill ceiver be appointed to take charge of American League grounds and also asking American League be required to account for all money received by him since McGraw and his associates left Baltimore and joined the New York National League Club. The bill was filed against B. B. Henry D. Harlan signed an order requir- 578 ing cause to be shown by July 31 next, why the receiver should not be appointed as prayed. The bill states that in January the club became a member of the American League and leased the present grounds on the York road. This lease, the bill declares, was assigned to President Ban

Johnson in March last, as trustee. Besides the appointment of a receiver. the bill asks that the assignment of the lease from the Baltimore Baseball Club to Ban Johnson be declared void and that Johnson be required to rended an accounting of the profits on the games received by him. An injunction is also prayed to prevent the president of the American League from disposing of the club's assets and property at the baseball grounds. Later in the day, Johnson's attorney filed an answer in which he denies the allegations and claims that Mr. Johnson is continually acting, not only as owner of the Baltimore club, but of all other

clubs of the American League. Action of Minor Leagues.

PURSE OF \$1,200 FOR 2:30 TROTTERS TAKEN BY DIRECTUM SPIER.

Two Heats of the 2:09 Pace Captured by Fred S. Edgewood Before Rain Stopped the Races.

COLUMBUS, O., July 28 .- The Grand Cir- ance-5,100. cuit meeting opened here to-day with all conditions favorable for a successful week of trotting and pacing. The weather was warm and delightful until a hard storm drenched the track so thoroughly that the cided, had to be postponed until to-morrow. Before the storm the track was lightning mark. The fields in the three races on the card were small, as many of the owners preferred to reserve their entered horses

for stake events later in the week. Directum Spier, Henry Schmulbach's four-year-old stallion, was picked to win the 2:30 trot, selling in the auctions at 50 to 16 for the field of three. The field price was reduced to 7 after the first heat, and a large number of pools were sold at that figure. The son of Directum justified the confidence of his backers by leading from wire to wire in both heats, reducing his record in the second heat from 2:134, made in his first start at Cleveland last week, to 2:114. Darwin drove him out in each heat, but was always a length behind at the finish. The 2:09 pace, the feature of the opening day, was postponed after Fred S. Wedgewood had taken the first two heats and Captain Sphynx the third. Dan R. and Daphne Dallas sold equal favorites before the race, each bringing \$50 in a pool of \$125. Dan R. could not catch Wedgewood in the first heat and Daphne Dallas was unable to land the second or third, for both of which she was driven hard. The postponement of the race probably will make Wedgewood the favorite, although he was a beaten horse after the third heat to-day. Prince Direct was drawn after the third heat and will not start to-morrow.

WASHINGTON, July 28. - Complaint reaches the Interior Department from mine owners in Indian Territory of the difficulty of enforcing the law recently enacted by Congress for the protection of shots to be fired in the mines to one per day, and the mine inspector for Indian Territory has sent a report to the secretary, in which he says that if the law is literally interpreted, the product of some of the mines, which is now 100,000 tons per day more, will be reduced to two or three hundred per day. He suggests that the law be construed, as if the word "one" were "once." This change, while permitting the usual number of shots, would confine them to a certain period of the day and thus afford the desired protection to the mine workers. The suggestion has not yet been taken up for consideration by the Interior
